Roseboom, Benjamin B., 405.
Rowe, V. K., 622.
Russell, Homer T., 281.
Ryff, J. F., 617.

Sabban, M. S., 133.
Safford, J. W., 373.
Salem, Hassan, 561.
Samberg, Y., 607, 612.
Schipper, I. A., 475.
Schmidt, H. J., 232.
Schuchardt, L. F., 316.
Schwabe, C. W., 634.
Scrivner, L. H., 352.
Self, J. Teague, 281.
Sellers, A. F., 25.
Shelton, George C., 71, 75.
Siciro, Francisco, 417.

Simon, J., 247.
Singsen, E. P., 457.
Sinha, S. K., 287, 314.
Skillen, Ralph G., 489.
Sloss, Margaret W., 578.
Smith, Louis D. S., 361.
Soave, O. A., 336.
Sorensen, D. K., 258.
Spencer, G. R., 517.
Stewart, Mildred T., 166, 323, 466, 481.
Stob, Martin, 319.
Stoenner, Herbert G., 434.
Stover, D. E., 122.
Strand, Ninalee, 157.
Sturkie, Paul D., 457.
Swingle, K. F., 373.

Thompson, Clarence H., Jr., 130, 293.
Thorp, William T. S., 152.
Todd, A. C., 79.
Torell, D. T., 356.
Trace, J. C., 639.
Turk, R. D., 224.
Turner, J. H., 564.
Twiehaus, M. J., 551.

Vardaman, Thomas H., 159.
Vegors, Halsey H., 429.
Venzke, W. G., 300, 450.
Verwey, W. F., 316.

Waller, E. F., 119.
Webb, Alfreda Johnson, 274.
Weir, W. C., 356.
Williams, Fletcher P., 152.
Willigan, D. A., 643.
Wiltbank, J. N., 247.
Wipf, L., 137, 309.
Yamamoto, R., 463.
Yoder, H. W., Jr., 412.
York, Charles J., 525.

Zarrow, M. X., 319.

Index of Subjects

A

Abscess Complex in Beef Cattle, The Rumenitis-Liver, 202.
Acid-Base Balance and Electrolyte in Calf Diarrhea and Their Treatment, 535.
Acid-Base Balance of Dairy Cattle, A Comparison of the Effects of Starvation and Thermal Stress on the, 197.
Actinomyces Bovis Isolated from Six Cases of Bovine Orchitis, 551.
Adrenal Cortical Function, The Action of Adrenocorticotropic Hormone on Circulating Eosinophils in Dogs—A Proposed Screening Method for Evaluating, 489.
Adrenocorticotropic Hormone on Circulating Eosinophils in Dogs—A Proposed Screening Method for Evaluating Adrenal Cortical Function, The Action of, 489.
Aerosol Transmission of Newcastle Disease in Chickens, 287.
Agglutinogenic and Nonagglutinogenic Vaccines, New Studies on Comparative Brucella Immunity with, 417.
Agglutinogens, Pathogenicity Studies and the Effect of Guinea Pig Passage upon. Experimental Vibrio Fetus Infection in Guinea Pigs. III, 599.
Albino Mice Infected with the Aujeszky Strain of Pseudorabies Virus, Electron Micrographs of Erythrocytes from Swiss, 166.
Albino Mouse to Several Virus Strains after Rectal Instillation, Response of the Swiss, 157.
America, A New Record for Gapeworm (Cyathostoma Bronchialis) Infection of Domestic Geese in North, 298.
Analgesia in the Dog, Metopon, 338.
Anaplasmosis, An Evaluation of the Complement-Fixation Test for, 511.
Anaplasmosis Complement-Fixing Antibody, The Production and Identification of an, 147.
Anatomy, Developmental. The Teeth of the Ox in Clinical Diagnosis. I, 226.
Anatomy, Macroscopic Brain Dissection in Veterinary, 143.
Anatomy of the Digestive Tract of Sus Scrofa Domestica, The Microscopic, 578.
Anatomy of the Skin of Mongrel Dogs, The Microscopic, 274.
(Ancylostoma Caninum), The Effect of Certain Chemicals on the Eggs and Larvae of the Canine Hookworm, 281.
Anemia, Electrophoretic Study of the Horse Serum of Equine Infectious, 343.
Animal Industry, Cyanogenetic Compounds in Plants and Their Significance in, 171.
Animals to Infection with the Virus of Vesicular Stomatitis, Susceptibility and Serological Response of Various Species of, 477.
Anomalies and General Pathology. The Teeth of the Ox in Clinical Diagnosis. III., Developmental, 500.
Antibiotics by Use of Methylene Blue Milk, Assay of, 475.
Antibiotics, The Influence of Cobalt on the Action of, 639.
Antibodies for Hemolysins of Micrococcus Pyogenes in Whey and Serum of Dairy Cattle, 517.
Aujeszky Strain of Pseudorabies Virus, Electron Micrographs of Erythrocytes from Swiss Albino Mice Infected with the, 166.

B

B Complex Vitamins on the Electrocardiogram of Chickens, The Effects of Dietary Deficiencies of Vitamin E and the, 457.
"B" Virus, Response of the Cave Bat (Myotus Lucifugus) to the, 647.
Bacteria in Bovine Semen Preserved by Freezing, The Survival of Pathogenic, 548.
Bactericidal Activity of the Uterus in the Rabbit and the Cow, 247.
Bacterin, Partially Purified Dried Epsilon Toxin and Toxoid as Reagents for the Standardization of Clostridium Perfringens Type D, 316.
Bat (Myotus Lucifugus) to the "B" Virus, Response of the Cave, 647.
Beef Cattle, Experimental Hepatic Necrobacillosis in, 5.
Birds with Chronic Respiratory Disease, A Preliminary Report of Efficiency of Various Me-

diums for Isolation of Pleuropneumonia-like Organisms from Exudates of, 463.
Bivins Papilloma Virus, Electron Microscopic Studies of the, 323.
Blood, and Tissue Studies, Reproduction. The Effects of a Chlorophyll Derivative When Included in a Ration Fed Rats. II, 643.
Blood Levels Obtained with Parenteral Dibenzylethylenediamine Dipenicillin G, Ovine and Porcine, 67.
Blood Picture of Muskrats under Pentobarbital Sodium, The, 79.
Blood Serum Concentrations of Terramycin (Oxytetracycline) Following Intravenous and Intramuscular Administration, Bovine, 412.
Blood Serum Levels of Streptomycin in Chickens. The Therapeutic Effect of Streptomycin on Infectious Coryza of Chickens Caused by Hemophilus Gallinarum. I, 607.
Blood Serum of Egyptian Buffaloes and Native and Crossbred Cattle, A Study of Calcium in the, 561.
Blood Serum of Normal Cattle, The pH Values, Carbon Dioxide Content, and the Levels of Sodium, Potassium, Calcium, Chloride, and Inorganic Phosphorus of the, 509.
Bovine Leptospirosis, Application of the Capillary Tube Test and a Newly Developed Plate Test to the Serodiagnosis of, 434.
Bovine Orchitis, Actinomyces Bovis Isolated from Six Cases of, 551.
Bovine Ovarian Activity and Pregnancy, Crystallization Patterns in Vaginal and Cervical Mucus Smears as Related to, 542.
Bovine Papillomatosis, Observations on Immunity in Cutaneous, 240.
Bovine Semen Preserved by Freezing, The Survival of Pathogenic Bacteria in, 548.
Bovine Semen, The Survival and Transmission of Trichomonas Foetus in Diluted, 36.
Brain Dissection in Veterinary Anatomy, Macroscopic, 143.
Brucella Abortus Strain 19, A Comparison of the Effects of Subcutaneous and Intracaudal Vaccination of Sexually Mature Cattle with, 406.
Brucella Immunity with Agglutinogenic and Nonagglutinogenic Vaccines, New Studies on Comparative, 417.
Brucella, The Differential Effect of Basic Fuchsin and Thionin on D-Alanine Utilization by the Genus, 472.
Buffaloes and Native and Crossbred Cattle, A Study of Calcium in the Blood Serum of Egyptian, 561.
Bunyamwera Viruses in Young Dogs, Studies of Ntaya, Ilhéus, and, 466.
Bwamba Fever Virus after Propagation in the Swiss Mouse, Morphological Observations by Electron Microscopy of, 164.

C

Calcium, Chloride, and Inorganic Phosphorus of the Blood Serum of Normal Cattle, The ph Values, Carbon Dioxide Content, and the Levels of Sodium, Potassium, 509.
Calcium in the Blood Serum of Egyptian Buffaloes and Native and Crossbred Cattle, A Study of, 561.
Calcium, Potassium, and Magnesium to Dairy Calves, Studies on Intravenous Administration of. II. Some Cardiac and Respiratory Effects, 25.
Calf Diarrhea and Their Treatment, Disturbances in Acid-Base Balance and Electrolyte in, 535.
Calves, A Study on the Relationship of Vitamin A to the Development of Hyperkeratosis (X Disease) in, 41.
Calves, Experimental Tocopherol Deficiency in Young, 373.
Calves, Phenothiazine in Unweaned, 224.
Calves, Studies on Intravenous Administration of Calcium, Potassium, and Magnesium to Dairy. II. Some Cardiac and Respiratory Effects, 25.
Calves with a Topically Applied Oil-Based Insecticide Carrier, Production of Hyperkeratosis in, 47.
Calves with Notes on Prenatal Infection, Further Observations on Inoculation of. Studies on Neoascaris Vitulorum. III, 532.
Calves with Strongyloides Papillosus (Nematoda), Experimental Infection of, 429.
Camel as Revealed by Macroscopic and Microscopic Examinations, The Liver of the, 444.
Canine Hookworm (Ancylostoma Caninum), The Effect of Certain Chemicals on the Eggs and Larvae of the, 281.
Canine Meniscus, The Structure and Histopathology of the, 495.
Canine Pancreas, The Duct System of the, 266.
Capillary Tube Test and a Newly Developed Plate Test to the Serodiagnosis of Bovine Leptospirosis, Application of the, 434.
Carbon Dioxide Content, and the Levels of Sodium, Potassium, Calcium, Chloride, and Inorganic Phosphorus of the Blood Serum of Normal Cattle, The ph Values, 509.
Cardiac and Respiratory Effects, Some. Studies on Intravenous Administration of Calcium, Potassium, and Magnesium to Dairy Calves. II, 25.
Cards in Veterinary Research, Marginal Punched, 634.
Cattle, A Comparison of the Effects of Starvation and Thermal Stress on the Acid-Base Balance of Dairy, 197.
Cattle, A Study of Calcium in the Blood Serum of Egyptian Buffaloes and Native and Crossbred, 561.
Cattle, Antibodies for Hemolysins of Micrococcus Pyogenes in Whey and Serum of Dairy, 517.
Cattle, Experimental Hepatic Necrobacillosis in Beef, 5.
Cattle, Rumenitis and Its Relation to Rate of Change of Ration and the Proportion of Concentrate in the Ration of, 425.
Cattle, The Controlled Feeding of Fluorine, as Sodium Fluoride, to Dairy, 232.
Cattle, The ph Values, Carbon Dioxide Content, and the Levels of Sodium, Potassium, Calcium, Chloride, and Inorganic Phosphorus of the Blood Serum of Normal, 509.

Cattle, The Rumenitis-Liver Abscess Complex in Beef, 202.
Cattle, Use of Rabbit-Passaged Strains of the Nakamura LA Rinderpest Virus for Immunizing Korean, 554.
Cattle with Brucella Abortus Strain 19, A Comparison of the Effects of Subcutaneous and Intracaudal Vaccination of Sexually Mature, 406.
Cerebrospinal Fluid Pressure of a Normal and Vitamin A Deficient Swine as Determined by a Lumbar Puncture Method, 258.
Cervical Mucus Smears as Related to Bovine Ovarian Activity and Pregnancy, Crystallization Patterns in Vaginal and, 542.
Chicken Embryos Produced by Pleuropneumonia-like Organisms from Chronic Respiratory Disease of Chickens and Infectious Sinusitis of Turkeys, Lesions in, 108.
Chicken Embryos, Propagation of a Mixed Culture of a Chronic Respiratory Disease Agent and Newcastle Disease Virus in, 293.
Chicken Embryos, The Morphogenesis of the Indifferent Gonad of, 300.
Chicken Embryos, The Morphogenesis of the Testes of, 450.
Chickens, Aerosol Transmission of Newcastle Disease in, 287.
Chickens Caused by Hemophilus Gallinarum, The Therapeutic Effect of Streptomycin on Infectious Coryza of. I. Blood Serum Levels of Streptomycin in Chickens, 607.
Chickens Caused by Hemophilus Gallinarum, The Therapeutic Effect of Streptomycin on Infectious Coryza of. II. Isolation and Culture of Hemophilus Gallinarum, and Some of Its Biochemical Reactions, 612.
Chickens Revaccinated with Inactivated Newcastle Disease Virus Vaccine, The Secondary Immune Response in, 604.
Chickens, The Effects of Dietary Deficiencies of Vitamin E and the B Complex Vitamins on the Electrocardiogram of, 457.
Chinchilla, Giardiasis in the. I. Observations on Morphology, Location in the Intestinal Tract, and Host Specificity, 71.
Chinchilla, Giardiasis in the. II. Incidence of the Disease and Results of Experimental Infections, 75.
Chinchillas, and Hamsters with Vesicular Stomatitis Virus, Experimental Infection of Dogs, Ferrets, 98.
Chloral Hydrate, The Detoxification of, 468.
Chloride, and Inorganic Phosphorus of the Blood Serum of Normal Cattle, The ph Values, Carbon Dioxide Content. and the Levels of Sodium, Potassium, Calcium, 509.
Chlorophyll Derivative When Included in a Ration Fed Rats, The Effects of a. II. Reproduction, Blood, and Tissue Studies, 643.
Cirrhosis? The "Normal" Liver of the Pig; Is It an Example of Purely Portal (and Therefore Subclinical), 60.
Clostridium Perfringens Epsilon Toxin-Toxoid and Prototoxin-Toxoid in the Immunization of Young Lambs, A Comparison of, 361.
Clostridium Perfringens Type D Bacterin, Partially Purified Dried Epsilon Toxin and Toxoid as Reagents for the Standardization of, 316.
Clostridium Perfringens Type D Vaccines, Vaccination of Sheep with, 574.
Cobalt on the Action of Antibiotics, The Influence of, 639.
Complement-Fixation Test for Anaplasmosis, An Evaluation of the, 511.
Corneal Healing in a Dog, A Study of, 261.
Cortical Function, The Action of Adrenocorticotropic Hormone on Circulating Eosinophils in Dogs—A Proposed Screening Method for Evaluating Adrenal, 489.
Cortisone on Susceptibility of Adult Mice to Foot-and-Mouth Disease Virus, Influence of, 149.
Corynebacterium Pyogenes—A Cultural and Serological Study, 617.
Coryza of Chickens Caused by Hemophilus Gallinarum, The Therapeutic Effect of Streptomycin on Infectious. I. Blood Serum Levels of Streptomycin in Chickens, 607.
Coryza of Chickens Caused by Hemophilus Gallinarum, The Therapeutic Effect of Streptomycin on Infectious. II. Isolation and Culture of Hemophilus Gallinarum, and Some of Its Biological Reactions, 612.
Costal Marrow, A Cytological Study of. I. The Adult Horse, 181.
Costal Marrow, A Cytological Study of. II. The Adult Cow, 395.
Cow, Bactericidal Activity of the Uterus in the Rabbit and the, 247.
Cow, The Adult. A Cytological Study of Costal Marrow. II, 395.
Crystallization Patterns in Vaginal and Cervical Mucus Smears as Related to Bovine Ovarian Activity and Pregnancy, 542.
Culture of a Chronic Respiratory Disease Agent and Newcastle Disease Virus in Chicken Embryos, Propagation of a Mixed, 293.
Culture Technique, A Modification of the. Research on Foot-and-Mouth Disease. VII. Cultivation of the Virus on a Practical Scale in Explantations of Tongue Epithelium, 346.
Cyanogenetic Compounds in Plants and Their Significance in Animal Industry, 171.
(Cyathostoma Bronchialis) Infection of Domestic Geese in North America, A New Record for Gapeworm, 298.
Cytological Study of Costal Marrow, A. I. The Adult Horse, 181.
Cytological Study of Costal Marrow, A. II. The Adult Cow, 395.

D

D-Alanine Utilization by the Genus Brucella, The Differential Effect of Basic Fuchsin and Thionin on, 472.
Dairy Calves, Studies on Intravenous Administration of Calcium, Potassium, and Magnesium to. II. Some Cardiac and Respiratory Effects, 25.
Deficiencies of Vitamin E and the B Complex Vitamins on the Electrocardiogram of Chickens, The Effects of Dietary, 457.

Deficiency in Young Calves, Experimental Tocopherol, 373.
"Deperitonealization" of the Wall of the Rumen, 405.
Detoxification of Chloral Hydrate, The, 468.
Diagnosis, The Teeth of the Ox in Clinical. I. Developmental Anatomy, 226.
Diagnosis, The Teeth of the Ox in Clinical. II. Gross Anatomy and Physiology, 385.
Diagnosis, The Teeth of the Ox in Clinical. III. Developmental Anomalies and General Pathology, 500.
Diarrhea and Their Treatment, Disturbances in Acid-Base Balance and Electrolyte in Calf, 535.
Diarrhea in Cattle, Virus, 525.
Dibenzylethylenediamine Dipenicillin G, Ovine and Porcine Penicillin Blood Levels Obtained with Parenteral, 67.
Digestive Tract of Sus Scrofa Domestica, The Microscopic Anatomy of the, 578.
Distemper, Studies on an in Ovo Neutralization Test for, 102.
Dog, A Study of Corneal Healing in the, 261.
Dog, Clinical Electrocardiograms of the, 336.
Dog. Glomerular Lipoidosis in the, 285.
Dog, Metopon Analgesia in the, 338.
Dogs—A Proposed Screening Method for Evaluating Adrenal Cortical Function, The Action of Adrenocorticotropic Hormone on Circulating Eosinophils in, 489.
Dogs, Ferrets, Chinchillas, and Hamsters with Vesicular Stomatitis Virus, Experimental Infection of, 98.
Dogs, Studies of Ntaya, Ilhéus, and Bunyamwera Viruses in Young, 466.
Dogs, The Microscopic Anatomy of the Skin of Mongrel, 274.
Dogs Which Died Following Exposure to a Lethal Dose, The Pathology of Total Body Radiation in, 329.
Duct System of the Canine Pancreas. The, 266.

E

Eggs and Larvae of the Canine Hookworm (Ancylostoma Caninum), The Effect of Certain Chemicals on the, 281.
Eggs, The Presence of Chronic Respiratory Disease in Pipped, 119.
Egypt, Fowlpox and the Use of the Whole Embryo Vaccine in Controlling the Disease in, 133.
Electrocardiogram of Chickens, The Effects of Dietary Deficiencies of Vitamin E and the B Complex Vitamins on the, 457.
Electrocardiograms of the Dog, Clinical, 336.
Electrolyte in Calf Diarrhea and Their Treatment, Disturbances in Acid-Base Balance and, 535.
Electron Micrographs of Erythrocytes from Swiss Albino Mice Infected with the Aujeszky Strain of Pseudorabies Virus, 166.
Electron Microscopic Studies of the Bivins Papilloma Virus, 323.
Electron Microscopy of Bwamba Fever Virus after Propagation in the Swiss Mouse, Morphological Observations by, 164.
Electron Microscopy, The Illustration of the Morphology of Vibrio Fetus by, 630.
Electrophoretic Studies of Foot-and-Mouth Disease Virus, 252.
Electrophoretic Study of the Horse Serum of Equine Infectious Anemia, 343.
Embryo Vaccine in Controlling the Disease in Egypt, Fowlpox and the Use of the Whole, 133.
Embryos Produced by Pleuropneumonia-like Organisms from Chronic Respiratory Disease of Chickens and Infectious Sinusitis of Turkeys, Lesions in Chicken, 108.
Embryos, Propagation of a Mixed Culture of a Chronic Respiratory Disease Agent and Newcastle Disease Virus in Chicken, 293.
Embryos, The Morphogenesis of the Indifferent Gonad of Chicken, 300.
Embryos, The Morphogenesis of the Testes of Chicken, 450.
Eosinophils in Dogs—A Proposed Screening Method for Evaluating Adrenal Cortical Function, The Action of Adrenocorticotropic Hormone on Circulating, 489.
Epithelium, Cultivation of the Virus on a Practical Scale in Explantations of Tongue. Research on Foot-and-Mouth Disease. VII. A Modification of the Culture Technique, 346.
Epsilon Toxin and Toxoid as Reagents for the Standardization of Clostridium Perfringens Type D Bacterin, Partially Purified Dried, 316.
Equine Infectious Anemia, Electrophoretic Study of the Horse Serum of, 343.
Erysipelas, Laboratory Studies on. I. Immunization Against Swine Erysipelas and Susceptibility of Swine to Challenge, 594.
Erythrocytes from Swiss Albino Mice Infected with the Aujeszky Strain of Pseudorabies Virus, Electron Micrographs of, 166.
Estrogens, The Detection of Residual Hormone in the Meat of Animals Treated with Synthetic, 319.
Ewe in the Transmission of Vibriosis of Sheep, The Negative Role of the, 352.

F

Fellowships Available, AVMA Research, 14.
Ferrets, Chinchillas, and Hamsters with Vesicular Stomatitis Virus, Experimental Infection of Dogs, 98.
Fistulas, An Inflatable Plug for Small Rumen, 246.
Fluid Pressure of Normal and Vitamin A Deficient Swine as Determined by a Lumbar Puncture Method, Cerebrospinal, 258.
Fluorine, as Sodium Fluoride, to Dairy Cattle, The Controlled Feeding of, 232.
Foot-and-Mouth Disease, Research on. VII. Cultivation of the Virus on a Practical Scale in Explantations of Tongue Epithelium. A Modification of the Culture Technique, 346.
Foot-and-Mouth Disease Virus, Electrophoretic Studies of, 252.
Foot-and-Mouth Disease Virus, Influence of Cortisone on Susceptibility of Adult Mice to, 149.
Fowl Listeriosis, Unusual Pathological Changes in a Case of, 130.
